BLUE RIDGE

The Blue Ridge Collection by New Classic Furniture offers a harmonious blend of sustainability and timeless design. Crafted from reclaimed solid wood, sourced from various origins, this set embraces eco-friendly construction, contributing to the responsible use of natural resources. The naturally timeworn appearance, characterized by nail holes, bug holes, water and mineral staining, checking, and open knots, tells a story of the wood's history. Carefully selected boards highlight and preserve these unique traits, ensuring that no two pieces are alike. The solid wood strength of reclaimed wood, seasoned through years of service, is further reinforced with a finger joining technique, creating the hallmark long planks of the Blue Ridge. The multi-step finish, featuring a rustic brown with gray undertones and charcoal glazing, enhances the heavily distressed look. Effortless drawer operation, clean and carefree storage with felt-lined top drawers, and time-tested quality with four-corner English dovetail joinery define this set. Compliant with safety standards and backed by a 1-year limited warranty, the Blue Ridge Bedroom Set is a marvel of sustainable craftsmanship that prioritizes both style and safety.

- **Eco Friendly Wood Construction:** Crafted of reclaimed solid wood recycled from a variety of sources. Reusing salvaged wood is environmentally friendly and adds to the sustainability of our natural resources.
- **Naturally Timeworn Appearance:** The age of reclaimed wood has produced characteristics such as nail and bolt holes, bug holes, water and mineral staining, checking and open knots. Boards are selected carefully to highlight and preserve these traits. No two pieces will be alike.
- **Solid Wood Strength:** Reclaimed wood is time tested, having been in service for many years, allowing it to season and become more stable. It is further reinforced with a finger joining technique, which allows the creation of larger surfaces like the long planks that are a hallmark of the Blue Ridge.
- **Multi-Step Finish Preserved the Woods Beauty:** The heavily distressed look of the furniture is enhanced by a rustic brown finish with gray undertones, and charcoal glazing.
- **Effortless Drawer Operation:** Drawers feature kenlin glides and hammered metal drawer pulls for smooth, easy open performance.
- **Clean and Carefree Storage:** All drawers on sanded and sealed, and top drawers in the dresser, chest and nightstand are lined with felt to protect delicacies, watches, jewelry and glasses.
- **Time Tested Quality:** Drawers are assembled using four corner English dovetail joinery, creating a strong and durable piece of furniture.
